Hi Sarah, we are working with a church to provide trash bags for the homeless to help them maintain their encampments. What would be the best way for Sanitation to pick-up the trash bags?

ok - can you respond to the Pastor and see how we can get them to her and how it would be picked up?

Do we have trash bags we can give her? I assume pick up can be done by Sanitation if it's scheduled.

Hi Michael,

I realize that these are very busy times. Praying for your continued health and wellbeing.

Today I'm reaching out to ask if the Council office helps to supply trash bags and garbage pick up at the encampments or how that process works in CD 3?

Our team usually hand out trash bags in the encampments and to the unhoused living along the streets. If we can work with you to distribute

garbage bags, public health information and trash pick up, I believe it will be another component to adding good public health and safety to the community

I hope to hear your thoughts on this.

Stay safe,
